

ASTON MARTIN

Internship in the Powertrain Division (M/W/DIV)

Aston Martin is built upon the passion, skill and creativity of the people who dedicate their working lives to the most iconic brand in the world. Every intricate stitch, beautifully expressed line, and the stirring noise of our engines is a manifestation of the desire and collective spirit to create the most beautiful cars: the soul of Aston Martin made real.

Job Purpose: To support the Powertrain Team and develop your technical skills.

Key Responsibilities & Tasks:

- Support in the acquisition of measurement data and their evaluation on the engine test bench as well as on the vehicle
- Organisation and support of emission measurement on a roller test bench
- Coordination of the test vehicles incl. ensuring workshop process planning
- Support of endurance test planning

Qualification & Experience:

- Bachelor or master student of mechanical engineering, automotive engineering, mechatronics or similar
- High affinity for technical topics
- Commitment and ability to work in a team
- Strategic way of working and ability to innovate
- Thinking outside the box
- Fluent in English and German (written and spoken)

Package

- Become part of the team that will build Aston Martin Germany
- An attractive salary
- Location Stuttgart area
- A highly motivated and qualified team
- ... and much more
