

ASTON MARTIN

Expert – Transmission and Driveline – Commodity Leader (M/W/DIV)

Aston Martin is built upon the passion, skill and creativity of the people who dedicate their working lives to the most iconic brand in the world. Every intricate stitch, beautifully expressed line, and the stirring noise of our engines is a manifestation of the desire and collective spirit to create the most beautiful cars: the soul of Aston Martin made real.

Job Purpose: Be responsible for on-time delivery of all transmission and drivetrain projects across all AML programmes to cost and quality targets.

Key Responsibilities & Tasks:

- Be the Project Manager of the Transmission and Drivetrain Commodity Team (R&D, Procurement, Finance/PCE, Logistics, Quality, Advanced Manufacturing Engineering)
- Ensure on-time delivery of engine projects to cost and quality targets (QCD) and be responsible for the resolution and escalation of any QCD incompatibility
- Maintain ETRS and drive the commodity team to achieve on time design freezes and releases
- Be the main point of contact for Transmission and Drivetrain Project status
- Facilitate and enable cross functional working across the commodity team and coordinate decision making, by identifying the key issues, pulling the right teams together to generate the required data
- Support definition of vehicle DVP requirements and track commodity DVP progress, escalate high risk issues when investment is required before test completion
- Coordinate the TDC activities

Qualification & Experience:

- Bachelor's or Master's Engineering Degree in Mechanical, Automotive, Electrical, Electronic and/or related field
- Demonstrated experience in project managing cross-functional technical teams in automotive product development
- Fluent presenter of technical information at all levels
- Leadership experience
- Knowledge of relevant vehicle legislation and certification requirements
- Technical understanding of Transmission and Drivetrain systems, including integrated electrification
- Self-motivated and eager to take responsibility and deliver results with minimal supervision
- Excellent written and verbal communication skills (English and German)

Package

- Become part of the team that will build Aston Martin Germany/UK
- An attractive salary
- Location Stuttgart/Gaydon area
- Company pension scheme
- Company performance bonus scheme
- A highly motivated and qualified team
- ... and much more
